HUMNA MAQBOOL

PROFILE

Information Technology student with a strong interest in **Cybersecurity, Web Development, and DevOps**. Hands-on experience with HTML, CSS, JavaScript, Flutter, Firebase, Linux, Docker, and network security concepts through academic projects. Experienced in developing responsive web applications, machine learning models, and containerized development pipelines. Detail-oriented, adaptable, and eager to apply technical skills to real-world projects.

EDUCATION

BS Information Engineering Technology
University of Lahore, Lahore, Pakistan | 2023 – Present
GPA: 3.58/4.00

WORK EXPERIENCE

ISPR Internship — 2026
During my internship at ISPR, I contributed to AI and cybersecurity-related projects by supporting research, technical analysis, and project development activities. I explored the application of AI in information analysis and security, assisted with cybersecurity research and threat-awareness activities, and strengthened my understanding of emerging technologies. The experience enhanced my analytical, research, problem-solving, and technical skills while providing practical exposure to the role of AI and cybersecurity in a professional environment.

PROJECTS

Nail Salon & Spa Portfolio — HTML | CSS | Figma
- Created a responsive salon website from a customized Figma design.

The Aesthetic Arc — HTML | CSS | JavaScript
- Developed a modern interior design website.

Diabetes Prediction — Machine Learning
- Built a diabetes prediction model using Random Forest.

Docker Pipeline — Jenkins | Docker | Kubernetes | AWS
- Developed a CI/CD pipeline for automated deployment.

KEY SKILLS AND CHARACTERISTICS

- Programming & Web: HTML, CSS, JavaScript, Dart, React
- Mobile Development: Flutter
- Cybersecurity & Networking: Network Security, Firewall Security Rules, Shodan, Hydra, Metasploit
- Cloud & DevOps: Docker, Kubernetes, Jenkins, SonarQube, AWS
- Databases: MySQL, DBMS Fundamentals, Firebase
- Operating Systems & Tools: Linux, Ubuntu, Kali Linux, GitHub, VS Code
- Design: Figma, Canva

CERTIFICATIONS:

- Foundation of CyberSecurity– Coursera/Google(2025)
